

COUNCIL CHAMBERS CITY COUNCIL  
CITY HALL - CITY OF LODI  
8 OCTOBER - 1947

Pursuant to the adjournment taken from its regular meeting of October 1, 1947, the City Council of the City of Lodi met at 8:15 o'clock PM of Wednesday, October 8, 1947, Councilmen Haskell, Lytle, Riggs, Tolliver and Rinn present.

The first two hours were spent in considering the City's present financial condition in consultation with the City Clerk, City Treasurer Vincent C. Webb, City Engineer Henning, Superintendent of Utilities Killelea and City Attorney West and in formulating plans for the early installation of means of augmenting revenues to meet increased costs in the administration of city affairs as well as financing the expenditures for capital outlays to which the city is now committed.

Suggestions from the City Treasurer relating to accounting for and collecting business license taxes and sewer rentals were approved as practical and he was instructed to continue toward the necessary surveys required to set rates for both of the ordinances to be adopted.

Open meeting was called at 10:30 P.M. when Mr T. G. Killelea was authorized to obtain the services of Davey Tree Surgery to prune trees obstructing the city's power lines; Mr Killelea estimated that this work would take six weeks and cost about \$1 737.00.

Claims in the total amount of \$46,121.82 as approved by the Finance Committee were allowed and ordered paid on motion of Councilman Tolliver, Riggs second these being claims not audited for payment at the October 1, 1947 meeting.

Glenn West, who in company with Street and Park Superintendent W. L. Bruner and Eugene Howell of San Joaquin Local Health District has just returned from a trip to view the garbage disposal sites at Turlock and at Fresno, reported at length on his observations and of the total absence of odor, flies or rodents at either site.

At the request of Mr West, the following resolutions were then introduced, explained by him and then adopted by unanimous assenting vote of all five members of the City Council:

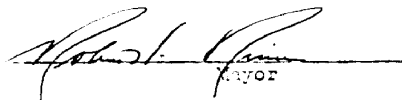

Resolution No. 1370, stating that the City of Lodi has acquired forty acres of land in Section 31, Township 3 North, Range 7 East for the purpose of disposing of garbage and refuse matter and directing the Superintendent of Streets and Parks to proceed with preparations for its use for this use.

Resolution No. 1371, authorizing the Mayor to cause the necessary data to be prepared, investigations to be made and, in the name of the City, to sign an application to the State Board of Health for a permit to install, maintain and operate a garbage and refuse disposal pit for disposal of such garbage and refuse by the "sanitary fill" method on the lands acquired in Section 31, T3N, R7E from Fredrickson and Watson Construction Company.

At 11:40 P.M. the City Council adjourned on motion of Councilman Riggs.

Attest:   
J. F. BLAKELY, City Clerk

The above written minutes approved as correct  
at a subsequent meeting of the City Council  
of the City of Lodi held October 15, 1947

  
Mayor
